Ken Gerhardt's Comments

WOW! It is July already. The first six months have flown by. June's temperatures have been a blessing for all of us as well as to our greens. I think this was one of the mildest Junes I have seen. If only our weather team can figure out if it is going to rain or not. Telling us there is a 90% chance and ends up being beautiful hurts golf revenues.

As you are aware, we moved two major tournaments due to weather forecast. Both could have stayed on the original dates if we did not pay attention to weather forecasts. Of course, we all know, if we did not move them we would have had 5 inches of rain each day.

As I am typing this article, the weather appears to be in our favor for our Member/Member this weekend. I hope I did not just jinx us.

I only have a few items to cover this month.

Golf Maintenance

The golf course maintenance team has done an outstanding job with our course maintenance. We got a little behind due to the wet week we had, but we are now officially caught up. Well at least today we are. The course is in the best condition ever. I have heard this repeatedly the past few weeks.

- Members may walk after 11 a.m. Thursday--Monday if they are not playing in a tournament. This includes LGA & MGA.

Property Owners Walking the Cart Paths

Those that live in Colours may walk or bike on the carts paths on the following days and times:

- Seven days a week prior to 7:30. Everyone must be off the paths by 7:30 a.m. which is the time the course opens.
- As always, please be on the lookout for our heavy equipment. You will see or hear us coming long before we see you. If on the path and equipment is approaching. Please step off the path and allow them to pass. If the course happens to be wet and our equipment tries to go around you, we may do damage to the course.

Carol Ackerson Finishes in the Top Ten at the 17th NC Senior Women's Amateur Championship

Carolina Colours resident Carol Ackerson, the 2020 Women's Golf Champion, recently competed in the 17th NC Senior Women's Amateur Championship at Highland Country Club in Fayetteville, NC May 17-18. An accomplished golfer, Carol earned a Top Ten finish in her first competition at this level.

Golfers in the Championship Division in which Carol competed played the course at 5,350 yards. This is impressive when one compares it to the 4,938 yards played by ladies at Colours from the Red Tees. "I had the shortest drives [in length] in every foursome I played," Carol remembers. "The [others in my foursome] were using irons, and I was using my 7- and 9-woods to reach the greens."

In the first round, Carol shot an 88. "The first day was just stressful because I have never done anything like this," Carol says. "That evening I spent time with some of the players and realized many have played in these amateur events since they were 20; or they played college golf, or their grandfather taught them how to play."

Undaunted Carol was determined to do better the next day, and to do so she changed her strategy—as well as her clubs. Since the greens were like "inverted bowls," she replaced her 56-degree wedge with her 58 for chipping, hoping to play these shots a little shorter and with greater spin.

After shooting an 82 the second day, Carol agrees: "That was a good decision. I'm glad I had the 58 in my car!"

Carol ended in a tie for 10th place among all the senior women's amateurs in North Carolina. Of her experience, she says, "I was thrilled my name was in the middle of the pack—and not at the end!"

Keep a look out for our resident superstar's next challenge when she plays the NC/SC Four-Ball Championship in Orangeburg, SC, June 29-30.

2021 Member-Member Results

We had a total of 70 players that played in this year's Member-Member! Teams played four different formats over two days consisting of best ball, scramble, shamble, and alternate shot. Chef Katherine and Chef Johnathan prepared a nice boxed lunch both days that players enjoyed between 9's.

Sunday was Katherine's last official day with us before heading to start her own business in Asheboro, we wish her nothing but the best!

Following Sunday's round, the men's flight winners competed in a shootout that took place on hole #9. The teams of Peter Eckle/Bill Jarvis and Peter Mnatzakanian/Jim Serour both made par, advancing them to a sudden death chip off. Chipping the ball to 10ft the team of Peter Mnatzakanian and Jim Serour were declared the overall men's champions!

Congratulations to all of our winners in this year's Member-Member...

Terri's Tips!

Better Tee Shots For Your "Flight Pattern"

If you have been playing for a while, you should have a pattern with the direction your ball flies. It will either move from your right to your left or from your left to your right—every now and then straight!!

Not every time, but most of the time.

All good to decent players know the "shape of their shots.: When you know this, you can set up for it on the golf course to give you the best outcome, or to give you the most desirable "miss." Yes, PGA and LPGA players will set up to hit a good shot, but also if they miss it, they want to know the direction the miss will go!

If you tend to hit the ball from your left to your right, you want to tee the ball up towards the right side of the tee box and aim down the left side of the fairway. This will open the center to the right side of the fairway for the shape of your shot, as the picture below.

The opposite of a fade, left to right, would be a draw—a shot that curves from your right to your left. If this is your shape, you will want to tee the ball up towards the left side of the tee box. You will aim towards the right side of the fairway. This will open the center to the left side of the fairway for the shape of your shot, as the picture below.

Give it a try next time you are playing. You will be hitting more fairways and your misses may be in play more often!

LGA

Summer fully arrived ten days ago, a short time after our Member-Member Tournament was rained out and rescheduled for this past weekend.

In our ongoing efforts to organize and beautify our course and facilities, the LGA Bulletin Board was moved to the right of the kitchen window in the Pro Shop. Many thanks go to Joyce Pelletier and Amy Trainor who got the ball rolling and made it look so nice! Stop by and check out the photos and happenings next time you check in.

On June 14, several LGA'ers participated in the nearby Taberna Invitational and represented CC quite well with several placing first in their specific flights.

Plans are currently in process for our own Ladies Invitational, October 4, to benefit Pretty in Pink, an organization serving North Carolinians diagnosed with breast cancer who are under-insured or uninsured. We are currently sifting through our closets [and our husband's] looking for gently used clothing, equipment, and accoutrements.

If you are cleaning out your closets [or you-know-who's] and would like to make a donation, you have two options:

- o Contact Amy Trainor at atrainor31@gmail.com or Carol Ackerson at ackersoncarol@yahoo.com Either is happy to take your gently used, cleaned donations at any time for storing.
- o Starting in September, you may drop your donations at the Pavilion in the big pink box that will be located by the front desk area. For equipment donations, contact Karen Lankton at flanktonsnc@gmail.com.

Our first Mystery Fun Day was a great success with 16 ladies playing. Don't miss our next Mystery Fun Day on July 22. We also held a play day to 'test' the course using our par-3 Executive tees in preparation for our upcoming LGA invitational. Those playing thought it was fun, challenging, and will make for an outstanding day for October's event.

Lastly, we are all proud of Carol Ackerson's recent Top Ten finish in the 17th NC Senior Women's Amateur Championship as she represented Carolina Colours. Please check out the stand alone article to find out more about this amazing accomplishment.

KATHERINE'S FINAL CHEF'S CORNER

This month's recipe starts with a big Thank You!!

Thank you all, for the past twelve years of fun, food, & laughter. So many of you are now family and mean so very much to me. This is definitely not goodbye, more of a "see you soon".

My husband and I are starting a new adventure in Asheboro, NC. As many of you know, my grandmother played a huge part in my life. She taught me to always do more for others than ever expected; to never do things for the praise of others but because you know it's the right thing to do; & of course taught me the love language of food! So, it's only fitting that our new cafe/bakery will be named after her.

Nannie Mae's Cafe and Bakery will focus on the community and serving those around us. Trying to give people a little sunshine on a cloudy day.

Speaking of food.... my last recipe in this newsletter will be one that my grandmother always made and it's still a family favorite! As always make this your own by changing whatever you think you'd like better.

One more thing before you start cooking... It has truly been my pleasure to share my love for food and family with everyone! I love you all and hope to see you soon!!

** P.S. I have been blown away by the support from everyone at Colours! I can't seem to find the right words to say what I feel. Thank you is the only thing I can come up with. Mr. Kirkman's analogy of sending me off to college was spot on! I hope I make everyone proud. Thank you all again for everything. Love my Colours family. **

KATHERINE'S FINAL CHEF'S CORNER

Waldorf Chicken Salad (serves 6-8 people)

Ingredients

- 4 large boneless, skinless chicken breasts
- 1/2 tablespoon kosher salt
- 1 large Granny Smith apple
- 1&1/2 cups seedless grapes (whatever color you like or have on hand)
- 1/2 cup toasted walnut or pecans
- 1 cup to 1&1/3 cup Dukes mayo (don't get the low fat stuff...)
- 2 celery stalks, optional

Directions

Place the chicken and salt in a large pot filled with enough water to cover the chicken breast by 2"-3". Bring the chicken to a boil, reduce heat and simmer covered about 40-45 minutes. You can do this the day before if you like.

Once the chicken has cooked all the way through, remove pot from heat and let the chicken sit in the water for about 15 minutes. Remove the chicken, placing on a plate or in a bowl. Allow to cool completely.

While your chicken is cooling, slice grapes in half lengthwise, place in a large mixing bowl. Chop the apple into small 1/2" size pieces (or as small as you'd like). Rough chip your walnuts and celery, if using. Toss all together and set aside.

Your chicken should be cool enough to handle. All, you need to do is trim off any grisly bits and cut up the chicken into small pieces. Once all your chicken is cut up and in the bowl, add your mayo starting with just under 1 cup. You can stir it all together with a large spoon or go in with clean hands and mix it up, breaking apart any larger chunks of chicken with your fingers. Add more mayo if you think it needs any.

Once your happy with its consistency, you can sit back and enjoy. Make sure to keep any leftovers in the fridge.
